PMS colors are matched as closely as possible

Electronic proofs are to be reviewed for copy and content placement. Client is responsible for proofreading content.

Please review proofs within 24 hours of receipt. Production on all art will begin after client approval is received. Delays in receipt of approvals may cause changes to your requested delivery date.

If proofs for color matches are needed, please contact Downing to arrange this. Color proofs will require extra production days and can be provided at an additional cost that will be added to your order.
